

2029 Revolution

Cap planned to spend her winter vacation with her friend Alice in Fulton. She left after the winter graduation ceremonies.

After a few nights, Alice asked Cap to explain what she thought was going to happen next. Cap said that she thought that the Pope would suffer a major setback and that would lead to civil war in Europe.

Cap explained, at the risk of repeating herself, that to understand what was going on, one had to go back in history. "Three and a half centuries ago, a young nun communicated to the King of France that Jesus desired that France be consecrated to His Sacred Heart and an image of His Sacred Heart be inscribed on the national flag. If the King would do so, the king was promised success in his endeavors and victory over his enemies. The king did not do so. His reign and the reign of his successors experienced a succession of military failures, deepening debt and onerous taxes. One hundred years later, to the day, the French Revolution began.

One-hundred-year rule.

For reasons unknown to us, God has used the one-hundred-year period as a complete cycle. St Gregory said that to God, 100 was the perfect number. For this reason, Jesus left the 99 to find the one lost sheep. He gave the king one hundred years to obey his request. Then he withdrew the promise and the request.

In our time, a similar request was made. The Madonna asked the Holy Father to Consecrate Russia to Her Immaculate Heart. The cloistered nun to whom the request was made was Sister Lucy of Fatima. The country to be consecrated was Russia. The sovereign of whom the consecration was requested was the pope. Similarly, the county was not consecrated.

The fate will be the same. The sovereign will be killed. So, will his aristocracy, who are the clergy, and his loyalists, who are the laity.

A friend stopped in. She brought a bottle of wine. It was to pay Alice back for some of her grapes. Alice poured each a little wine and Cap continued. The Third Secret consisted of the missing two minutes of the third apparition of the Madonna on July 13, 1917.

The Madonna showed the children a vision of hell. Lucy said that the vision nearly killed them. Then the Madonna spoke of a worse war to begin in the reign of Pius XI. That war was World War II.

Then came the part which has been kept secret for so long. The Madonna showed the children a vision of an afflicted pope walking up a hill toward a cross, past many corpses in a city half in ruins. Toward the top of the hill, he is killed by soldiers who use guns and arrows. The Vatican released this part of the Third Secret in 2000.

Then the Madonna spoke to them and explained the vision. The explanation consisted of about twenty-five lines when Lucy wrote it out on a small sheet of paper. It is this slip of paper which is called the Third Secret of Fatima.

The question now is what will happen in the near future. To answer that, one has to go back one hundred years to an important event which happened in 1929.

Request for the Consecration of Russia.

On June 13 1929, Sister Lucy was making a holy hour in the convent chapel between 11 PM and midnight. She would sometimes prostrate herself. Other times, she would kneel with her arms in the form of a cross. While she was praying, a supernatural light illuminated the chapel. In the midst of a vision about the Holy Trinity, Our Lady of Fatima appeared. She held Her Immaculate Heart in her left hand. It was surrounded by a crown of thorns and flames. She said, "The moment has come when God asks the Holy Father, to make, with all the bishops of the world, the consecration of Russia to My Immaculate Heart, promising to save it by this means."

An interesting aside is that the Madonna went on to say 'So numerous are the souls which the justice of God condemns for sins committed against me, that I come to ask for reparation. Sacrifice yourself for this intention and pray.'" ¹ Alice's friend was stunned. She said that it was hard to believe that many souls go to hell for sins against Mary. Cap continued. "The Madonna asked for the Consecration of Russia just as Jesus had asked for the Consecration of France. Neither would be obeyed. Later, Jesus told Lucy that he wished to 'put the devotion to His Immaculate Heart beside devotion to My Sacred Heart.' There is good reason to think that He will honor the Request for the Consecration of Russia by applying the hundred-year rule as He

did with the King of France. If so, then one hundred years from June 13, 1929, some event will impact the Pope. It will happen on June 13 of this year, 2029. The sovereign, who is in this case the Pope, will suffer a reverse which will precipitate the beginning of a civil war in Europe and the loss of his life.

2029 Civil War Prophecies

The conversation continued. The neighbor brought over another bottle of wine. Cap described what could be expected next in terms of prophecies which she respected.

Fighting in the streets

At La Salette, the Madonna said that 'God will strike in an unprecedented way. Woe to the inhabitant of the earth! God will exhaust His wrath upon them, and no one will be able to escape so many afflictions together...

All the civil governments will have one and the same plan, which will be to abolish and do away with every religious principle, to make way for materialism, atheism, spiritualism, and vice of all kinds...France, Italy, Spain and England will be at war. Blood will flow in the streets. Frenchmen will fight Frenchmen, Italian will fight Italian, a general war will follow which will be appalling.

Jahenny said that the mass shall cease to exist for a time. 'All the works approved by the infallible Church will cease to exist as they are today for a time. In this sorrowful annihilation, brilliant signs will be manifested on earth. If because of the wickedness of men, the Holy Church will be in darkness, the Lord will also send darkness that will stop the wicked in their search of wickedness. . .

Red Flag

Many of them (priests) will follow the processions behind the red flag. But Our Lord adds, and refers not only to the clergy but to the majority of the population: 'They have all wanted disorder and revolution. They will have their fill.'

Confusion everywhere

Jahenny saw that ‘there will not remain any vestige of the Holy Sacrifice, no apparent trace of faith. Confusion will be everywhere...’

Jahenny then goes on to say that the Red Revolution will then break out. She speaks of a “horrible religion” which is to replace the Catholic Faith, and she sees “many, many bishops” embracing this “sacrilegious, infamous religion.” “...new preachers of new sacraments, new temples, new baptisms, new confraternities.”

Fourth Trumpet

Alongside of the revolution, will be the fourth trumpet. If the trumpets are consecutive, then this would be the occasion of the fourth trumpet. The Sun and the Moon will be darkened.

Now it is all coming apart.

One night at the officer’s club, Hap mused about the current state of affairs. “With the country in tatters, we cannot finance the overseas force deployment. Now it is all coming apart. We have to unwind.

Empire or Downsize

Hap held a paper and read a couple paragraphs from an interview with Catherine Austin Fitts, a former official in the first Bush administration:

Right after 9/11 – and General Wesley Clark has said this... we were basically given what the battle plan was going to be – the US military taking over Eurasia. First, we were going to go to Afghanistan, then we were going to go to Iraq, then we were going to go to Libya, then we were going to go to Syria and then we’re going to Iran. It was all laid out for us and we seem to be following that battle plan, albeit slower than predicted at that time. If we’re going to create a global financial system and a one-world currency, you need everybody in the central banking model. You have outliers. We seem to be bringing in all the outliers. As we do, we are trying to checkmate Russia and China within Eurasia, because I think control of Eurasia is essential for maintaining global empire. At the beginning of the ‘90s, America had two decisions: They could essentially shift to a global empire or downsize, and they decided to shift to a global empire. “

So, there you have it.” Hap said. “We ramped up to build a dollar empire. Now it is coming apart. We have to unwind. And it is going to be painful.”

Chinese against America

Word had gotten out that Hap was concerned about the Chinese. One night, one of the crew asked him to explain. They all wanted to know. Hap said that yes, he was concerned the Chinese would make a move on America.

Some time ago I read a speech which was supposed to have been given by General Chi Haotian, the Secretary of Defense for China in 2005. The speech argues for the necessity of China using biological warfare to depopulate the United States and prepare it for a future massive Chinese colonization. When I first read it, I didn't think it was authentic. But as time went by, more and more information came in which took the same line of thinking. You have to remember that Mao Zedong was determined to build a fleet and invade North America. All the old timers revere Mao and all of the younger next echelon have absorbed the same values.

In this speech, Chi said that Hitler's Germany once bragged that the German race was the most superior race on Earth. But the Chinese believe that they are far superior to the Germans. They have recognized that they have poisoned their own land and they want more living space. Chi said that the Germans were not ruthless when they needed to be. “What makes us different from Germany is that we are complete atheists, while Germany was primarily a Catholic and Protestant country. Hitler was only half atheist. ... Our Chinese society has always worshipped sages, and that is because we don't worship any god. Once you worship a god, you can't worship a person at the same time”.

Chinese Lebensraum

Hap said that the Chinese don't want to use the word Lebensraum or even show their hand, but their eye is on America. They think that America belongs to them. Chi said “Even if we could snatch some land from Taiwan, Vietnam, India, or even Japan, how much more living space can we get? Very trivial! Only countries like the United States, Canada and Australia have the vast land to serve our need for mass colonization... America was originally discovered by the ancestors of the yellow race, but Columbus gave credit to the white race. We the descendants of the Chinese nation are entitled to the possession of the land!”

The speech continued. "From a humanitarian perspective, we should issue a warning to the American people and persuade them to leave America and leave the land they have lived in to the Chinese people. Or at least they should leave half of the United States to be China's colony. Chi said that he would regret killing a couple hundred million Americans. Americans had never hurt the Chinese, unlike the Russians and the Japanese."

Hap said that "We know from a Russian defector that Russia and China have agreed to split North America between them. Russia would get Alaska and parts of Canada, while China will get the lower 48 states, which contains the best land. The agreement on this was affirmed by the Russian General Staff in early 1992.

Rider on a White Horse. Conquest. George Frederick Watts

The Vandal Solution

A couple weeks after the beginning of the winter term, one of Cap's friends in the philosophy department introduced her to a visiting professor from New York who had known Malachi Martin. The professor was Father John Hughes. Over dinner, they talked about Martin.

Hughes asked "Do you know about the Vandal Solution? It was one of Martin's theories." Cap said that she had never heard of it. Hughes explained. "When the Vandals took over a territory, they wiped out the bureaucracy and started over with one man and a desk. Martin thought that there was no way to weed out the Vatican bureaucracy. The only way to deal with it was to wipe it out and start over. He said that Jesus will not be satisfied with just a majority of hearts. He wants to be recognized by governments and parliaments. Jesus wishes to be honored as the King of Society.

Once, Martin said that Jesus is cold blooded in pursuing His goals. And He is going to apply the Vandal Solution in order to get honor in families and parliaments. There are only two ways one could imagine this happening. Internally, if the Pope were to fire everybody and start over. Or externally, if an outside force destroys the Vatican.

Mediatrice of All Graces

You could also make the case that God wishes to make known that all graces come through Mary. He will do what is necessary to make this happen.

Cap said that she found it difficult to imagine that God would intentionally wipe out the Vatican. Hughes agreed that on the one hand, Jesus as cold blooded seems difficult to accept. On the other, it is a logical conclusion of what is going on in the Vision of the Third Secret as published by the Vatican. In the Vision, the Pope is killed in the midst of a war in which the city is half destroyed. And then the cardinals, bishops and priest are killed too. When you look at it from that perspective, you could say that the Vision of the Third Secret is the Vandal Solution in action.

Hughes reminisced about the Vatican release of the so called Third Secret. It had been a sloppy affair. John Paul II wanted to release the Third Secret. Other prominent members of the Vatican did not. A compromise was reached. They would release Sister Lucy's commentary on the Vision and call that the Third Secret. It was obvious to the astute observer that^[1]_[SEP] Lucy's commentary on the Vision was not the letter in which she had written the words of the Madonna. In the end, John Paul II was the hero in the affair. He had done what he could to reveal the secret.

One world government

On the subject of one world government, Hughes reminded Cap of what Martin had written in Keys of the Blood. "As you know, Malachi thought that we would never get to the point of a one world government. The Fatima message predicts that a catastrophe will soon change men's plans. Martin wrote 'Men have abandoned religion. God does not intend to let human affairs go on for a long time in that fashion, because this is His world. He told her that Martin knew that the current state of affairs would blow up before we reached a one world government.

The Beginning of the End

Hughes said that "We are at the beginning of the end. Over the next few years, it will go from bad to worse, but it will not go on for a long time. In a few months, it will be 100 years since the Madonna requested the Consecration of Russia. If Russia has not been consecrated, then the Sovereign, the Pope, will lose his throne and Europe will fall into civil war. We are at the same point where the King of France was ninety-nine and a half years after the request for the Consecration of France and a few months before the beginning of the French Revolution. But all is not lost. After the storm, will come the Triumph.

Months later

On June 13th, the European Court of Human Rights declared itself sole arbiter of moral ethics. Alice heard it on the news. She called Cap to tell her. Cap was quiet. Then after some moments of silence, she said “Now comes Civil War.”
